

VFW NATIONAL HOME

The Department of Pennsylvania 2024-2025 Commander and President's Joint Special Project: Outside Sports Complex for the VFW National Home

Challenge: Who will be the first to raise \$30,000, the VFW or the Auxiliary?

Challenge: Who will raise the most money, the VFW or the Auxiliary?

Let's Help the National Home upgrade their old, worn-down tennis court into a Versatility Court which will provide space for pickle ball, tennis, basketball and a separate area for beach volleyball. This court will give the veterans and their families a state-of-the-art, multi-court system where they can enjoy a variety of sports. This will help the residents enjoy an active lifestyle and bond with one another!
